

BITU - Sealing Sheet Metal

A coated joint sheet metal for reliable and fast sealing of all construction joints.
Complicated concrete upturn beams are not necessary.

Sealing sheet metals are made of zinc-plated sheet steel and are completely covered with a special coating.

The special coating makes the sealing sheet metal resistant to all organic sewage and therefore well suited to be installed in sewage plants

Applicaiants:

For construction joints between wall/wall, wall/floor, floor/floor plus wall/ceiling;

BITU - Accessories

Coated joint sheet metal for secure and fast sealing of all construction joints. No complex concrete upturn beams necessary.

Articel	Package
	<p>Bitu - Type E <i>one side coated</i> 2000 x 120 x 1,7mm</p> <p>cardboardbox 20 pieces/40m</p>
